## NEW PRODUCT LAUNCH - ReadyNAS NVX

# Flexible, Affordable Business-Class Storage

NETGEAR® ReadyNAS® NVX 4-Bay Network-Attached Storage

The ReadyNAS NVX is a 4-bay desktop storage system designed for home offices, workgroups and small businesses. It is an affordable, high-quality solution for storing, sharing and protecting business-critical data for the smallest office.

### Key features:

- Whisper-quiet, space-efficient design for desktop locations
- Reliable, automatic, data protection with offsite options
- Cross-platform support for Windows®, Macintosh® and UNIX®/Linux systems
- Support for both database and server virtualisation applications
- Simultaneous support for NAS and iSCSI functionality
